How wet? (Precipitation and its impact)	No precipitation
Cloud on the hills?	No cloud
Chance of cloud free summits?	Nearly certain
Sunshine? Air clarity (below cloud)	Extensive sunshine. Visibility good, slight haze.
How Cold? (at 750m)	5C, rising to 7C. Feeling like -5C in wind.
Freezing Level	Above the summits. Slight frost in valleys at dawn.

Brecon Beacons - Looking Ahead

	Thursday 3 April	Friday 4 April
How windy? (On the summits) Effect of wind on you?	Easterly 30mph, in places gusts 45mph around major summits, through elevated passes, locally downslope to the west. Affecting comfortable walking and balance on exposed terrain, sudden powerful gusts not just on highest ground. Feeling chilly.	Easterly 20-30mph and gusty. Comfortable walking becoming affected with buffeting gusts. Feeling chilly.
How wet? (Precipitation and its impact)	Little or no precipitation Chance of scattered light rain on southern slopes around dusk.	Little or no precipitation Chance of light rain at dawn, quickly fading for a dry day.
Cloud on the hills? Chance of cloud free summits?	Little or none Possible cloud patches briefly drifting over some higher slopes in morning, mainly toward the east. Cloud soon dispersing. 90%	Little or no cloud Chance of some patchy fog over highest tops in the morning, soon clearing for cloud-free hills. 90%
Sunshine? Air clarity (below cloud)	Sunshine and some patchy cloud, filling in through the afternoon. Visibility good, but some haze.	Intermittent sun, becoming more frequent as high cloud passes. Good visibility though a haze.
How Cold? (at 750m) Freezing Level	8C. Feeling sub-zero in the wind, near -5C in exposure to stronger speeds. Above the summits. Slight frost in sheltered valleys at dawn.	10C Feeling near 1C in strongest wind. Above the summits.

Planning Outlook**All mountain areas of Britain from Thursday, 3 April, 2025**

High pressure is centered to the northeast through the weekend, with the core of high pressure meandering near the British Isles into the next week. Extensively dry and warm with frequent sunshine. Some high cloud may come and go, becoming more frequent later in the week. Chilly mornings in valleys, slight frost and sometimes misty where sheltered, though mists will soon clear for mostly cloud-free days. East to southeasterly winds prevail, gusty in places, strongest speeds for Wales.
