Planning Outlook**All mountain areas of Britain from Thursday, 3 April, 2025**

High pressure is centered to the northeast through the weekend, with the core of high pressure meandering near the British Isles into the next week. Extensively dry and warm with frequent sunshine. Some high cloud may come and go, becoming more frequent later in the week. Chilly mornings in valleys, slight frost and sometimes misty where sheltered, though mists will soon clear for mostly cloud-free days. East to southeasterly winds prevail, gusty in places, strongest speeds for Wales.
