**Planning Outlook****All mountain areas of Britain from Tuesday, 6 May, 2025**

High pressure continues to reside over the British Isles during the week ahead, maintaining generally dry conditions, low risk of an isolated afternoon shower. Winds mostly light, direction variable. Chilly nights with frost in valleys and sheltered higher terrain. Becoming pleasantly warm into the afternoons. Sunshine and variable cloud, at times covering the sky, but generally above the mountain tops with excellent visibility. Very dry ground conditions almost everywhere, beware high risk of fire.
