<b>Freezing Level</b>	Above the summits. Grass frost locally in valleys at dawn.	Above the summits.

**Planning Outlook****All mountain areas of Britain from Friday, 18 September, 2020**

Commonly dry through the weekend into early next week as high pressure resides across northern Britain. Mostly light winds in Scotland, but gusty easterlies England & Wales into the weekend. Many mountains often clear, but areas of lingering low cloud will vary across Britain from day to day. Fairly warm by day overall, but cool in and around low cloud. Slight frost some nights, mainly Highland glens. Some low-level fog in mornings. A shift back to southwesterlies and frontal systems moving in from the Atlantic through next week.
