## Planning Outlook

**All mountain areas of Britain from Saturday, 21 November, 2026**

High pressure will bring a fine sunny weekend but extensively frozen terrain to most mountain areas. Bu Sunday, strengthening SE wind western Britain, and a band of rain will have edged into SW Wales - its exact penetration as yet uncertain.

Early next week, fronts and less cold conditions together with areas of upland gales will extend across Britain, turning to snow some higher areas. Nevertheless, total precipitation small N/NE Scotland.
